

**AUGUST 2014**

Follow Standex-Meder:

Fluid Level Sensors for HVAC Applications

Trigger Pumps to Eliminate Condensate Overflow Buildup

A new line of Flood Prevention Switches from Standex-Meder Electronics safeguards HVAC environments from condensate overflow buildup - [read more....](#)

Animated Application for HVAC Level Sensing

Air Conditioners and Dehumidifiers use Reed Sensors to sense the upper limit of their reservoirs - [read more...](#)

New Product Training Module

Watch our Product Training Module and learn more about "[Automotive Liquid Level Technology](#)"

HVAC Condensate Flood Sensors / FPS100

The Flood Prevention Sensor FPS100 is available in three versions - [read more...](#)
